

154 Gymleco lifting rack for decline bench

100 series Basic equipment

Bar rack which is excellent to use with for example our art.194 bench. The safety plates can be mounted in two different heights, 405 or 455 mm. Stable rack which is good for safety and gives long life span. Used with advantage as a bar rack for deadlifts.

- Varied height for the safety plates
- Excellent bar rack to use for deadlifts and other ground lifting exercises
- Standard frame color: black
