

341 Gymleco Seated Leg Curl

300 series, Selectorized machines

Sit down, adjust the backrest and get started. The design of the seat cushion allows the muscle to work freely.

Long movement path allows the muscle to work its entire length. Double cushions for the narrow legs and the correct placement of the joint point for perfect grip and feel.

The movement follows the body's anatomical movement curve. The balancing is so good that neither counterbalanced lever or belt is needed.

- Standard frame color: Black
- Standard cushion color: Black / Red
- Rubber handle for easy entry and exit
- The knee joints works freely
- Weight block: 80 kg
- Larger weight block (optional)
- Long movement

Length	Width	Height	Weight	Weight stack
