Gym Accessories, Racks and Rigs

Gymleco

”Our mission is to make not only Sweden, but the world, healthier, stronger and more sustainable.”

- Kari Jernvall
Founder and Product Designer

Welcome

Welcome to the Gymleco Family

Gymleco is a Swedish, family-owned company driven by a passion for health, strength, innovation, and sustainability. Today, we are one of Europe’s leading designers and manufacturers of strength training equipment.

With customers worldwide, Gymleco has grown into a trusted gym machine brand known for innovative design and biomechanical precision. We offer a complete range of strength training and exercise equipment, and we are among the few manufacturers in the Nordics producing our equipment in-house.

We aim to be more than a supplier. We strive to be a total solution and a profitable, long-term investment for our customers.

Since 1994, Gymleco has focused on developing Swedish-made equipment that is functional, durable, and built for a long lifespan with minimal maintenance. We are truly passionate about fitness, and we invite you to join us in our ambition for a healthier world and a more sustainable future.

Why choose Gymleco?

- Decades of experience
- Biomechanical precision
- Innovative, original design
- Low maintenance
- Commercial-grade quality use
- Space-efficient footprint
- Suitable for all users
- Ergonomically correct movement
- Affordable quality

408 Open Deadlift Bar

Fixed Barbells PU, straight or curved
Art.nr: 825

Gymleco's fixed barbells are designed in a classic, timeless design and are covered in polyurethane material. Polyurethane is similar to strong rubber and makes the barbells extremely durable. Choose between straight or curved model.

Available in sizes:
7.5–30 kg in 2.5 kg increments, and 30–50 kg in 5 kg increments.

Fixed Barbells in Chrome
Art.nr: 828 / 828C

Gymleco's fixed barbells in chrome comes in a variety of sizes from 5kg up to 50kg. Made in a premium design with a highly durable chrome finish – perfect for elevating the look of your gym without comprimising on quality.

Available sizes:
Both the straight and curved barbells come in 10 different weights, from 5 kg to 50 kg, in 5 kg increments.

Pump Set Polyurethane
Art.nr: 480PU-20

Here is a barbell set perfectly made for group classes in professional gyms. The weights are of polyurethane material and therefore very durable. The set is total 20 kg and consists of a barbell, a pair of spring collars and weights: 2 x 1,25 kg, 2 x 2,25 kg and 2x 5 kg.

Hole diameter: 31 mm
Bar diameter 30 mm

Pump Set
Art.nr: 480-20

Are you looking for a space saving barbell with weights? Then we have the solution for you! A barbell set with a total of 20 kg consisting of a barbell, a pair of spring collars and black rubber weights: 2 x 1,25 kg, 2 x 2,25 kg and 2x 5 kg.

Hole diameter: 31 mm
Bar diameter 30 mm

Calibrated Steel Plates with handles
Art.nr: 820

Our Calibrated Weight Plates offer precision, durability, and performance for your strength training. Made from high-quality steel, these plates are built to withstand intense workouts while ensuring accurate weight distribution. The recessed text and color markings remain clear over time, enhancing their longevity.

Hole diameter 50mm
Available in sizes: | 0,5kg | 1kg | 1,25 | 2,5kg | 5kg **|** 10kg **|** 15kg **|** 20kg **|** 25kg

Black Weight Plates in Rubber
Art.nr: 824B

Gymleco weight plates are made of commercial quality, with a diameter of 450 mm and a strong reinforced steel center in the middle. Perfectly suitable for the gymcenter, functional fitness box or the commercial homegym.

Hole diameter 50mm
Available in sizes: 5kg **|** 10kg **|** 15kg **|** 20kg **|** 25kg

Colored Weight Plates in Rubber
Art.nr: 824C

Gymleco weight plates are made of commercial quality, with a diameter of 450 mm and a strong reinforced steel center in the middle. Perfectly suitable for the gymcenter, functional fitness box or the commercial homegym.
